## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 3-6, 8, 9, 11, 12 and 14-20 are rejected under 35 U.S.C. 102(b) as being anticipated by WO 02/28451. WO ('451) discloses a continuous flow centrifuge (see page 2, lines 5-6) including a plurality of flexible chambers (pluralities of 10 and/or 50 and sets thereof), each first and second sides with axial openings at both sides and an expandable wall (see page 6 line 2 to page 7 line 8), wherein a first end of the expandable wall is attached to a circumference of the first side of the flexible chamber and a second end of the expandable wall is attached to a circumference of the second side of the flexible chamber, wherein the expandable wall includes at least one pair of corresponding connected partitions, including first and second partitions attached to the first and second sides (see Figs 3 and 7). The chambers are sterilized (see page 1, lines 11-13; page 5, line 25)

### ***Response to Arguments***

3. Hasselquist ('006) is not relied upon in rejecting the claims as currently amended.

4. Applicant discusses the teachings of WO 02/28451, but does not relate the discussion to any particular claim limitation. To overcome a rejection under section 102,

Art Unit: 1723

applicant needs to point out a claimed limitation that is not disclosed by the prior art reference.

***Conclusion***

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
